“... Dr. Prasad’s deft rendering of the nine principal Upanishads with subsidiary supports makes an in-road and gives access to the magnificent conclusions left by the ancient sages of India. This book gives us a summary view of the information which was divulged by those teachers. It is easy to read and understand and will encourage you to delve deeper into the subject matter.”

Been learning about upanishads on YouTube. Then after reading this book I know what I was reading. I can't tell you if some kind of spiritual affect was happening. But I can tell you that that just knowing about it made me happy.

Ah, the essence of Sanatam Dharma, aka Hinduism. The foundational understanding of reality, self and God. The Upanishads, like the Bhagavad Gita, are the essence of Veda and all religions, in my opinion. A must have for all human beings! 4 people found this helpful
